AGREEMENT ON DEBT REACHED

Belgium Granted Sixty-two Years for Payment
Amount Loaned During War to Carry No Interest
Settlement Signed at Dinner Given by Ambassador

(Continued from First Page)

Consensus and the Belgian political authorities.
"Repayment of the post-war debt, amounting at this date to about \$14,000,000, has been arranged on the general lines agreed to by the two governments. The principal amount of the loan is to be repaid over a period of sixty-two years and the rate of interest is to be 2 1/2 per cent, beginning at the end of ten years as in the other cases. In this case, however, interest payments during the first ten years have been graduated so that the amount shown in the statement attached. Repayment on the principal and interest for the first year will be about \$1,000,000, increasing each year until the eleventh year, when the total amount repaid on principal and interest is about \$1,000,000.

The Belgian commission has been satisfied that the United States should accept the basis for settlement of the prewar debt of \$11,000,000, which was accepted by President Wilson at the peace conference. The arrangement contemplated at that time was that the German government should be substituted for Belgium as the debtor for the prewar debt. This proposal was accepted by the Belgian government as a fundamental part of other arrangements made by the Treaty of Versailles and also was accepted by the other creditors whose advances amounted to more than \$100,000,000.

MORAL PRIZE

"At that time it was considered by all the Belgian creditors that the prewar debt was a moral prize for Belgium, which had occupied a position of honor in the war. This proposal was accepted by the Belgian government as a fundamental part of other arrangements made by the Treaty of Versailles and also was accepted by the other creditors whose advances amounted to more than \$100,000,000.

ARRANGEMENT MADE

The United States Debt Commission has not been able to agree with the Belgian proposal that other Germany directly or the proportion of the 8 per cent payable to Belgium under the Dawes plan not applicable to the American debt should be substituted for Belgium for repayment of the prewar debt. But the Belgian government has accepted the proposal that the United States should not ask for more than the repayment of the principal of the prewar debt. This has been arranged upon the basis of installments payable over sixty-two years without interest, the obligation remaining directly upon Belgium. The amount of annual installments is to be \$2,000,000, but with a portion deferred during the first six years for subsequent repayment. Thus, after the preliminary periods the total payments of Belgium to the United States will be about \$11,700,000 per annum.

BELGIUM SEEKS TO OBTAIN AMERICAN CONSUL

BRUSSELS, Aug. 18.—It is learned that Henry Morgan, American Consul-General and Rear Admiral Vanderbilt's father-in-law, has been selected to obtain the American consulate in Brussels. Morgan is a Belgian by birth and has been in the United States for many years. He is a member of the Belgian government and has been in the United States for many years. SAINTLY RELIC GIVEN CLEVELAND

Bishop Joseph Schrembs of Cleveland blesses the casket in which rests the bones of St. Christina the Virgin on its arrival in New York. Pope Pius XI presented the relic to the American prelate in recognition of his services in the rebuilding of the cathedral. Bishop Schrembs will enshrine the body in the old cathedral in Cleveland and hopes to build a new one in honor of the saint.

FIVE NATIONS NOW DEBT

NEW YORK, Aug. 18.—Settlements of foreign indebtedness to the United States already have been made by Poland, Lithuania, Hungary and Poland, covering \$1,500,000,000, more than 48 per cent of the total amount owed to the United States. With accrued interest the obligation of Great Britain, funded under the agreement approved by Congress on February 18, 1921, amounted to \$4,000,000,000. Period of repayment, 42 years. Amount of installments, \$22,000,000 the first year and increasing regularly until they reach \$175,000,000 in the sixty-second year. Rate of annual interest, 3 per cent, June 15, 1923, to December 15, 1923, inclusive; 2 1/2 per cent, June 15, 1923 until final payment.

San Diego Loses Railroad Route Change Request

WASHINGTON, Aug. 18.—The Interstate Commerce Commission today dismissed a complaint of the San Diego Chamber of Commerce, which asked that railroads be required to establish joint routes via San Diego, a traffic moving between Oregon and California and other parts of the United States. Establishment of routes via San Diego, the commission held, would necessitate the fixing of rates over two railroads which operate partly in Mexico, the San Diego and Arizona and the Tia Juana and Tecate. The authority to fix rates over a Mexican railroad cannot be given to the commission, the decision held, even though the railroad in Mexico is owned by Americans and operated in the United States.

Secretary Wilbur Says
Shift of Dirigible Base Will Not Be Made Soon

(By A. P. Wire)

WASHINGTON, Aug. 18.—On his return here today from the West Coast, Secretary Wilbur said he saw no prospect that his suggested transfer of the Navy dirigible base to San Diego could be carried out. He believed, he said, that San Diego would be an ideal place for the base, but he added that no money to finance the transfer was likely to be available for some years to come.

The fields covered by these concessions are as follows: Trade, twenty-six per cent; agriculture, thirteen; transport and communications, twelve; forestry, six; miscellaneous, three. The significance of these concessions in relation to the Soviet government's undertakings is the same as in the case of the concessions made in 1923-24. The concessions are taking out 24 per cent of all the timber exported from our northern woods. Their turnover for foreign trading companies in the past year was \$10,000,000—more than 6 per cent of our total foreign trade.

MOTHER JAILED IN MILK THEFT

Confesses Stealing Bottle to Feed Her Four Hungry Babies
(REUTERS DISPATCH)
NEW YORK, Aug. 18.—A mother of four, arrested in the steam of early dawn as she took a bottle of milk to feed her hungry children, went to jail today when she was unable to furnish \$20 bail after admitting the theft. Andrew Van Blarcom, the janitor, detected Mrs. Eva Feldman and turned her over to the police. "I'm guilty," she told Magistrate Short in Bridge Plaza court. "But, Your Honor, my husband hasn't been able to earn a cent for six months. My four children were starving. What could I do?"

CHICAGOANS VICTIMS OF HATCHET BANDITS

(REUTERS DISPATCH)
CHICAGO, Aug. 18.—Two employees of the Holland Duster Company were robbed of \$1000 in cash and \$2000 in checks yesterday by three men, whose only weapon was a hatchet carried by one of the trio. Gerald Huntling and Herman Bach, the victims, were about to enter the company's office when they were approached by the robbers. The bandits seized a satchel containing the money and fled in an automobile.

(REUTERS DISPATCH)
WASHINGTON, Aug. 18.—The American Export Lines were sold to the Export Steamship Corporation of New York by the Shipping Board today for approximately \$1,000,000. In announcing the sale Chairman O'Connor commented upon the sale of several lines recently made by the Shipping Board. "If foreign owners start a rate war against American buyers of shipping lines recently sold by the Shipping Board, with the idea of putting the American ships out of business," he said, "the Shipping Board immediately will take these lines back and operate them until Congress meets and considers the general question of protecting American ships under private operation."

THREE HUNTED CONVICTS LOST

No Real Clue Picked Up by Officers
Desperadoes Outwit Police; Cover Trail
(BY A. P. MURRAY WIRE)
PORTLAND (OR.), Aug. 18.—Portland's greatest man-hunt was at a standstill tonight. Though twenty-four hours had elapsed since Tom Murray, Ellsworth Kelley and James Willos, escaped convicts and murderers, had slipped into Portland, police admitted the trail had been lost. Despite hundreds of suspect reports, telephoned by excited citizens from all parts of the city, no clue of merit had been picked up by the man-hunters at a late hour. Murray, exercising a cunning and crafty leadership, outwitted the police and led his two companions into hiding. **COMB ENTIRE CITY** Before dawn the city had been thoroughly combed; more than 150 policemen, deputy sheriffs and special officers searched public buildings, hotels, lodging houses, houses and yards. It was 7 o'clock Monday night, the police learned, when the desperadoes took leave of their friends. They were the sons of Charles Newman, now New Era. In Mr. Newman's small touring car they were seen leaving the city. Newman's 17-year-old son, Leslie, and Leo Wilde, one of the four youths of Monday, they started for Portland. Leslie, with muscles of a rider and revolver in his hand, was at the wheel. "Hear, hear," was shown by the trio in taking the two desperadoes. "Hear the news," they warned the parents of Leslie and Wilde. "We will kill them both."

DRIVE UNEVENTFUL

The drive to Portland was accomplished almost without incident. Young Newman told detectives. Only the guard did the situation become tense, and that was when a guard on the Oregon City bridge looked threatening. The desperadoes trained their guns on the lone guard, said Leslie, and the car went slowly past. They were not recognized, and the automobile was not stopped. Once in Portland, the trio went at random for awhile around the streets. There seemed to be a debate between Willos and Murray as to where they should get off. Finally, leaving one rifle in the car, but with the rest of the arms wrapped in the car, they went to the hotel. The desperadoes were identified by Leslie after he first reported the stop had been made at Tenth and Washington streets. "Get out of here," was Murray's parting words. "Don't squeal, remember. We might be right behind you." Leslie and Wilde "got."

COOLIDGES TAKE TWO LONG RIDES TO VISIT FRIENDS

(BY A. P. MURRAY WIRE)
PLYMOUTH (VT.), Aug. 18.—Two long automobile rides through the hills afforded President and Mrs. Coolidge recreation today—the fourth day of their vacation stay with the President's father. In the morning they motored twelve miles to Ludlow and visited for an hour with Mr. and Mrs. Samuel Pierson, son-in-law and daughter of Atty.-Gen. Sargent. In the President's automobile returning to Plymouth was a basket heaping with fresh vegetables which he and Mrs. Coolidge had helped gather in the Pierson garden and which were used for supper this evening at the Coolidge home. At noon Mr. and Mrs. Coolidge drove to Woodstock, sixteen miles distant, where they had lunch at the home of Mr. and Mrs. Billings. With the weather ideal the President is enjoying his stay here and thus far has given no indication as to when he will return to Swampscott, although he may decide to make the trip either tomorrow or Thursday. Dead beats our victims. If they owe you money we will get it if any one can. Nick Harris Claim Agency, 908 Fantages Bldg.—(Advertisement.)

CONVICT TELLS HOW DESPERADOES FIRED

L. Newman of Berkeley, Cal., a prisoner in his summer home at his farm at New Era. Four other men, Otto Licht, Joe Licht, Leo Wilde and Lawrence Jacobs, the owner of the automobile in which the convicts fled from Manly, who refused to give his name to the authorities, also described the shooting. The statement was made by Murray and which was signed and fingerprinted by the three convicts, was as follows: "It was our intention to pull the break—just a stick-up we meant—to get the money and open the gate or else go through the tower. As it was five guards were waiting with guns at the gate. They were off regular shift and on special duty. I and Jones were the first to slide down the rope, and we went to the turnkey's office. "I had a knife, only, Jones had nothing. As I went into the turnkey's office, Dalrymple and two guards came out. I let them pass."

New Companies

PARIS, Aug. 18.—The French government has decided to hand over the Russian warships now at Marseilles to the soviet. An important agreement drawn up by Ambassador Krasin and Deputy Vice-Minister Dushin, the French delegate, under which the soviet recognizes the Carist debt of \$1,000,000,000 and gives French capitalists a contract to reconstruct Russia in return for huge French credits, has been practically completed and the

return of the Russian fleet is one of the preliminaries. The Carist debt and promise every one of the 1,000,000,000 French bondholders are 10 per cent of his holdings in new soviet bonds and 30 per cent in bonds of newly-issued Russian currency which will be formed to exploit mines, forests, factories and all fields in Russia. However, the Carist debt has been reduced from \$1,000,000,000 to \$1,000,000,000.

The Russian fleet at Marseilles formerly was held by Gen. Wrangel, who was defeated by the soviet. It consisted of two dreadnaughts, two battle cruisers, one school ship and some auxiliaries. Although the ships are in bad condition they will give Russia a naval preponderance in the Black Sea.

In making the agreement the Carist debt of \$1,000,000,000 and give French capitalists a contract to reconstruct Russia in return for huge French credits, has been practically completed and the

Unique in Crime History

PHILADELPHIA, Aug. 18.—Thomas McAvoy, 47 years of age, an armless cripple, walked into police headquarters this afternoon and confessed he had murdered Miss Florence Kane, 39 years of age, of Brooklyn, to avenge a beating given him by Detective James Kane, brother to the girl, while he was begging in the streets of New York last Christmas Eve.

This astonishing story, giving a time that had perplexed the New York police department for months, was so amazingly unlike anything detective instinct and genius had imagined that it formed a chapter of criminal history without parallel.

Miss Kane, a strong, athletic young woman, was waylaid and murdered in a vacant lot within 100 feet of the home where her mother and younger sister were waiting for her, after a trip to a theater in Manhattan on the night of May 24, with seven other girls. A milkman, starting his rounds on the morning of May 25, found the body. It was known Miss Kane had telephoned her mother at 12:15 a.m. from a subway station and she was last seen leaving the station, five blocks from her home.

Expert examinations brought out the conclusion that Miss Kane had been choked to death, and that her own strength indicated that more than one man must have attacked her. McAvoy, the beggar, overpowered the expert, and told him in a whisper, "I killed her." McAvoy went to police headquarters of his own accord. Word of the detective bureau, received him.

"I am Thomas McAvoy," said the stranger. "My home is in New York. I killed Florence Kane. Last Christmas Eve I was panhandling along the street when Detective Kane, brother of the girl, came along and beat me up and drove me away. I knew he was right and, to get even, waited for her. I saw her come along the street and I waited until she was alone. I then choked her to death and kicked her to death."

THE NEW YORK police generally, however, were extremely skeptical of the confession and sent the man here at once to make an investigation. McAvoy has no criminal record of any kind in New York and said nothing of the robbery, the cross and the wrist watch worn by Miss Kane when she was killed and missing when her body was found. The prisoner said the crime had long troubled his conscience. He said he had wandered from place to place in New Jersey, Pennsylvania and elsewhere until he reached the decision it would be best for him to give himself up and tell his story.

Final Witness Called in Trial of Girl Slayer

SAN FRANCISCO, Aug. 18.—Dr. J. M. Scanlan, superintendent of the State Hospital at Napa, was called today at the final witness in the case of Dorothy Ellingson, 17 years of age, on trial for murder in connection with the shooting of her mother, Mrs. Anna Ellingson, last January, after the elder woman had denied the girl permission to attend a "jazz" party. Court officials expected that the case would go to the jury tomorrow.

Dr. Edward Donnelly, a member of Dr. Scanlan's staff, preceded Dr. Scanlan on the stand. He testified that Dorothy admitted the slaying of Mrs. Ellingson, but said that she merely intended to frighten her mother, and that the discharge of the fatal pistol cartridge was wholly accidental.

AMATEURS
OPEN RADIO
CONVENTIONHeavy Program Planned
for Winter by Delegates at
Chicago Meet

Chicago, Aug. 18.—Amateur radio celebrities from all parts of the country assembled here today for a four-day convention under the auspices of the American Radio Relay League.

Four hundred amateurs met with experts today to gain the latest knowledge in radio transmission. They came from little one-man stations in the United States and Canada. There was an especially large delegation from Canada. For the last two years they have been talking to each other through ether and this is their first opportunity to meet and swap experiences in person.

The delegates are highly enthusiastic over plans for the winter. The amateurs are to transmit all routine messages of the National Guard by way of keeping in touch with the service as Signal Corps operators in the event of war.

Noted experts from Washington, London and other central points are here to give instructions. One session of the convention will be devoted to enlarging plans to aerial railroads in case of severe storms when wires are down and other communication is cut off. Remarkable service along this line was rendered last winter by amateurs.

Among the speakers is Don C. Mix, amateur operator, who accompanied the MacMillan expedition to the Far North two years ago.

BANKING STUDY UNDER WAY

Group of Experts Gathering Data Throughout Nation
Bearing Particularly on Branch Problem

AUSTIN (Tex.) Aug. 18.—Much valuable information in regard to banking conditions in the United States is being collected by a group of banking experts who are making a study of the subject under the direction of H. Parker Willis, professor of banking at Columbia University and former secretary of the Federal Reserve Board, according to Dr. H. H. Preston who is making the Texas part of the survey. Preston is a member of the faculty of the University of Washington and is teaching economics during the summer session at the University of Texas.

Most of the State banking laws are comparatively recent, and a really comprehensive study of them has never been made. Dr. Preston said. National banks have reported annual statistics to Congress since their establishment in 1863, however. In Texas, for instance, the first State bank now operating under the present law was established in August, 1905. In these twenty years Texas banking has developed until there are nearly 1900 State banks. In other sections State banking laws are also of recent origin. In California the law dates from 1909, and in Oregon from 1907.

Since some 3000 banks have been closed in the last five years, there has been increased interest in banking development under State laws. In Texas 150 small banks have failed in this period. As a consequence, there has been a great deal of legislation. The McFadden bill, a proposal to amend the national banking laws which would have a great deal of influence on State banking, has been up twice, and will be introduced again when Congress convenes in the fall. Branch banking is the cause of most of the disagreement over this measure, and

FIND PLANE
OF MISSING
MEN IN LAKEMail Flyer's Discovery
Causes Hope to Wane for
Lives of Lost Trio

CHICAGO, Aug. 18.—Hope that the three aviators who set out from a flying field here on July 27 for Michigan are still alive was practically abandoned today when their plane was discovered half-submerged in Lake Michigan, off Gary, Ind. Lieut. Wright, flying from Detroit to Maywood, with a load of mail, discovered the yellow plane, and then flew on to Maywood, from which point he telephoned Mrs. Gertrude Coultier, mother of Eugene Coultier, owner of the missing plane.

With Coultier in the ill-fated plane were Morris Gatherson of Maywood, Ill., and Earle P. Banker of Oso, Minn. Gatherson was formerly an army flying lieutenant. Intensive search had been made for the missing men for three weeks. At first the impression prevailed that their disappearance was part of a publicity stunt. A storm on the afternoon of the day they set out is now believed to have caused trouble for the plane, which was an old-model Curtiss, and forced it to drop in the lake.

NAUSEA STOPS CHANNEL TRIAL

Collapses After Eight-Hour Fight in Icy Water

Spirit of Play Characterizes American's Attempt

Stages Admirable Battle With Dangerous Seas

BOULOGNE, Aug. 18.—Miss Gertrude Ederle, American girl swimmer, whose attempt to swim the English Channel was frustrated by nausea this afternoon which forced her to leave the water six and one-half miles from the English shore, is ready to tackle it again, if her trainers and backers will permit.

Miss Ederle left the sea at 3:35, too sick from the salt water she had swallowed to continue her attempt. After attention from her trainers and a sleep in the boiler-rooms of the La Miroite, the girl channel swimmer was in excellent condition upon her arrival here. She gave up the race at 3:55 o'clock.

Helmy, the Egyptian swimmer, and Miss Ederle were with her at the time. The temperature of the water had dropped to 62. It had been evident for three or four minutes that Miss Ederle was in distress.

CHOKED BY SALT WATER
Wolves called on Helmy to stand close by and a few moments later Helmy saw that the American girl was choking and apparently unable to keep afloat. Miss Ederle assisted Helmy in getting a towel around her body and then they

dragged her over to the tug and lifted her aboard.

Miss Ederle was in the water a total of eight hours and forty-six minutes.

A few minutes earlier Miss Ederle was nearly overwhelmed by a large piece of floating timber, which was deflected from hitting

KIRKWOOD COMING FOR LOCAL PLAY

Famous Golfer to Enter Los Angeles Open Tourney in February

Joe Kirkwood, a world-famous golfer, announced his intention of entering the \$10,000 Los Angeles Open tournament, to be held here in February, in a letter to Barton L. Stebbins, publicity director for the event.

Kirkwood will arrive in January, probably in company with Walter Hagen. Kirkwood stated that Hagen is making tentative arrangements to come to the Pacific Coast in 1926, and that he probably will play in the local tournament.

Kirkwood is a world-famous golfer, and his participation in the Los Angeles Open tournament would be a great honor for the city.

BASEBALL SCANDAL CHARGED IN SOUTHERN ASSOCIATION

(BY A. P. MIGHT WIRE)
MEMPHIS (Tenn.) Aug. 18.—President Martin of the Southern Baseball Association announced that he had telegraphed President Sloan and Manager Hamilton of the Nashville Club to have every player brought before him in Nashville tomorrow for questioning regarding reports published in the Nashville Banner that while in New Orleans recently the players were approached and asked to "lay down" on their team.

President Heipman of the New Orleans club, stated that the reports were nothing but a "publicity stunt," but that he would be glad to have them investigated.

Red Herring Drops Verdict to Local Ring Demon

Doyle's Fistic Coliseum is Filled to Capacity

Thousands of Fans Unable to Gain Admittance

BY PAUL LOWRY
Young Stripling, the rip-morning young bull from Georgia, nearly murdered Jimmy Delaney, and Mushy Callahan soundly trounced Red Herring in the best fight card Jack Doyle has presented for the public edification since the boxing law went into effect.

A capacity crowd of 17,000 persons saw the big double main event, but almost as many were turned away. Long lines of fans on both Thirty-eighth street and Santa Fe avenue waited patiently until long after the preliminaries had started in the vain hope of wedging their way into the arena.

BEST EVER
Stripling fought one of the best fights of his career. He was a furious, raging batter from the first round to the last. He ripped in terrific left hooks to Delaney's body at long range and in the clinches he handled his foe like a kid, crashing short lefts to the head and walling the St. Paul man almost at will.

In eight of the ten rounds Stripling was so far ahead that there was no argument about it. The other two might be called even. Stripling got his shaky left to work in the first session, carrying the fight along at top speed. Delaney ran into a vicious left hook, and was staggered. Again in the third as Delaney tried to take the play away from Stripling he ran into a right to the ribs that sent him spinning backward against the ropes.

Stripling had something to fight for last night, and he made the most of his opportunity. After the fight Jack Doyle announced he has Stripling signed for a big outdoor fight in September with Eddie Huffman, the bout to be staged in the new Wigley hall park.

LEAVE AT ONCE
Delaney, who has battled some of the best light-heavyweights in the country, was a plaything in Stripling's hands, the Georgia youth toying him around as if he was a flyweight. Jimmy blocked

Five Californians Left in Running for Title

(BY A. P. MIGHT WIRE)
FOREST HILLS (N. Y.) Aug. 18.—Sixteen contenders, five British stars and eleven Americans, remained in the battle for the national women's singles tennis crown today as a result of completion of second-round play in the championship tournament at the West Side Club.

Five Californians, led by the present national champion, Miss Helen Wills, and six outsiders remained in the battle for the national women's singles tennis crown today as a result of completion of second-round play in the championship tournament at the West Side Club.

Miss Wills, the Californian, who has come back from a long stay in England to become the champion's foremost threat, both secured in two victories today with the 19-year-old title-holder giving the more impressive exhibition.

FLAMING AT NET
Miss Wills backed the ball and attack she has shown since becoming champion when she quickly put out Mrs. Anna Fiske Hubbard of Boston, 6-1, 6-0. Coming up from her accustomed place at the head of the champion, Wills played skillfully and effectively, taking only twenty-six minutes to chalk up her victory.

An hour later Miss Wills, paired with her California partner, Mary K. Browne, in her first doubles match, captured a brilliant battle from an old rival, Mrs. Stella R. Mallory of New York, who teamed with Miss Marion Williams of Los Angeles. The scores of this match were 6-4, 6-3.

Miss Wills again startled at the net in this test and impressed observers with the fact that her game will have much better all-around equipment, if, as expected,

KEARNS AND RICKARD POST FORFEITS FOR DEMPSEY GO

BY JACK LAWRENCE (EXCLUSIVE DISPATCH)
NEW YORK, Aug. 18.—Jack Kearns signed preliminary articles today with Tex Rickard binding Jack Dempsey to a match with Harry Wills for the heavyweight championship of the world, to take place here before July 1, 1926. Rickard attached his signature to the articles and they were filed at noon with the New York Boxing Commission together with two certified checks for \$25,000 each. One check was deposited by Kearns and the other by Rickard. At the same time the boxing commission, being well satisfied as to the sincerity of Kearns's effort to have Dempsey meet Wills, issued Jack a manager's license for this State and restored him to good standing. Holman Loses Dazzling Match to Norris Williams

Snodgrass Bows to Unknown Eastern Racketeer

Casey and Westbrook Beaten in Atlantic Classic

(By A. P. MURPHY) NEWPORT, R. I., Aug. 18.—Three upsets which tossed favorites into the discard, the elimination of three more foreign threats and the total eclipse of all south-paw were today's features in the invitational tennis tournament on the Casino grounds here.

The most dazzling tennis of the day was furnished by Cranston Holman, 19-year-old Stanford University student, who was defeated by Norris Williams, II, of Philadelphia, former national champion and captain of the American Davis Cup team, only to falter on the threshold of victory.

The blonde youngster won the first set 6-1 in a burst of speed which had Williams bewildered, but it seemed his fall of energy from Holman and he lost the second set, 4-6.

It was in the tenth game of the final set that Holman had his golden opportunity. With the game score 1-4, on his service, on the point score 4-10, Holman was too eager. A smashing drive which caught Williams far out of position, landed inches behind the baseline and the score went to deuce.

Then they divided games until the score stood eight-all. Holman, tired by the strain, wilted and although he forced Williams to extend himself, he failed to win the next two games, the set and the match.

A native son of Newport furnished the main surprise of the second day's play when James H. Van Allen, of the Oxford-Cambridge team, eliminated George M. Lott, Jr., of Chicago, in straight sets, 6-2, 6-4, while Van Allen, an American student at Oxford, outplayed Lott, the match was bitterly contested.

The other upsets eliminated E. Howard Vohell of New Garden, N. Y., and Ray Casey of San Francisco, while the foreign stars defeated included H. K. Lester of England; Edward Flanagan of Spain and Count Andre de Serbelloni of Hungary.

SOUTHEAST BEATEN
Four left-handers started and all were defeated. Casey and Vohell were reversed, while P. Broadhurst of Boston and Walter Westbrook of Pasadena were eliminated according to form.

Van Allen's defeat of Lott was closely followed by the victory of Gerald Stratton of Berkeley, California champion over Vohell, 6-3, 6-4, and the elimination of Casey by E. H. Merrett of Philadelphia, former Lahle tennis champion, 6-4, 6-2, 6-3. Casey made a remarkable stand in the second set when, trailing 1-5, he won three straight games to take the set to even the match, but the steady Merrett won the deciding set easily.

Ferry L. Krampton of Rockville Center, N. Y., also scored an upset when he defeated Harvey R. Snodgrass of Los Angeles, 1-6, 6-4, 6-1.

Tomorrow William M. Johnston of San Francisco, defending champion, who defeated Lester in the first round, meets Alfred H. Chapin, Jr., of Springfield, Mass., R. Norris Williams faces Lester in the second round, and George King plays Manuel Alonso.

OBSERVATIONS

BY THE UNOCCUPANT SYDNEY, BILL HENRY

THOSE who predicted that Harvey Snodgrass was ruining his chances of improving his position in the "first ten" of tennis by playing on the clay courts of the Middle West instead of practicing on the grass in the East, will now cluster in a corner and cheer "I told you so." The Los Angeles flash was bumped off in a hurry yesterday with a lot of other Californians and will have to begin getting good very shortly if he expects to locate himself near the top. Bill Johnston and Howard Kinsley are the only two Californians now going strong.

Stanford University has a coaching situation that is sure to spring something of a surprise on the U.S.C. Trojans when the two teams clash at the Coliseum in October. The Cardinals are hanging big hopes on the performances of Norris Williams, one of the big stars of last year's freshman, and Dick Hyland, the flashy halfback who scored for the Cardinal Trojans several years ago and then quit school.

Another, the wonderful football man back, who ran wild against the California Golden Bears last fall, was crushed over the head by the faculty and will be missing.

Every time Eddie Rickenbacker comes to town we think of the occasion on which he made his first genuine appearance in California about eleven years ago as the star driver of a Buick. He was then a racing stable, he was driving a little one built by Fred Duesenberg, he called himself "The Special." He astounded the natives when practicing for the Vanderbilt cup race on the Santa Monica course by making 115 miles an hour up the hill on Nevada avenue.

ERTLE ARRIVES TODAY

Famed Eastern Referee Confers With Battlers Tomorrow Preparatory to Title Bout

Two conferences, highly important to the future of the ring game in California, are scheduled for Los Angeles tomorrow afternoon when Harry Ertle, America's foremost referee, will talk to Phil La Barbera and Frankie Genaro concerning the rules to be enforced at Asot Saturday night when the two flyweights get together for the 115-pound championship of the world.

Ertle arrives in Los Angeles today from his home in Jersey City and will be met by the delegation of Southern California sportsmen headed by Dick Donahue, who has been in charge of the Jersey City fight.

RABBIT PUNCHES

BY PAUL LOWRY

OM GALLERY, HOLLIS P. wood's debutant puncher, is certainly not letting any grass grow under his feet, during the mad scramble by rival fight clubs to corner for exclusive use all the good state talent in the field. He has four Friday night shows lined up ahead.

After overdoing 7 to 4 of O'Hara with a fight when nobody else would have him and building him up as a card by means of the Johnny O'Donnell bout, Tom yesterday added Joe Schlocher to his string.

Another young man who has been begging for a mix here, and a redoubtable one, this week's agreement of a forfeit of \$500 is required of each.

That perpetual publicity hound, Arthur Wenzel, springs a terrible one on Albie Ahoi, the Filipino, who battles Newboy Brown at the Olympic Auditorium tonight.

Wenzel covers by all their's only Ahoi places as many toothpicks between his teeth at the start of a fight as there are rounds and after each round throws one away. When he's ready to leave the ring, he's ready to leave the ring.

The question that arises in our mind is what happens when the fight is over? Do the little pine toothpicks in his mouth act as a redoubtable or do they swallow 'em and call it quits for the day?

When we are prepared for anything.

Solly Harris is sad. He has a \$10,000 contract for a bout with a former champion, but he's not sure he can win.

Young Bob Fitzsimmons in San Francisco, California, is a big name in the ring.

Outside of the first round, when Callahan appeared slightly perturbed by his opponent's calm style, the local ex-newsboy was master of the situation.

While there were no upsets among the "needed" players, the defeat of California's two young stars, Miss Helen Jacobs and Miss Charlotte Hosmer, came as surprise.

Miss Jacobs, who easily downed the former Canadian champion, Mrs. Harry Bickie, yesterday, fell victim to the superior generalship and playing of Miss Paolopa Anderson of Richmond, Va., who won by scores of 6-4, 4-6, 6-3.

It required another extra-set battle before the victor, who had defeated at the hands of the veteran, Mrs. May Sutton Bundy, who gained her second victory of the British team of Miss Kathleen McKane and Miss Evelyn Colyer, which scored the deciding victory in the Wimbledon cup tennis match.

The first setback among England's stars came in the doubles when Miss Joan Fry, 19-year-old Wimbledon runner-up, was beaten by Mrs. H. G. Green of New York as her partner, with the veteran metropolitan team, Mrs. F. Rogers and Mrs. B. F. Stern, 4-6, 6-3.

Mrs. Chambers and Miss E. H. Harvey, another English combination, came through successfully by eliminating Miss Eleanor Sears and Mrs. Frank H. Godfrey of Boston, 6-2, 6-3, while one of the favored American teams, Miss Marion Goss of New York and Mrs. Marion J. Jessup of Wilmington, Del., triumphed over Mrs. Chapman and Mrs. Raymond of New York, 6-3, 6-2.

HANDICAP SHOOT THIS MONTH
The grand American handicap shoot will start at Vandalla, O., the 24th inst., and conclude the 29th inst. The winner of the trapshooting classic at 100 yards at sixteen to twenty-five yards handicap will receive a purse of \$100 and a trophy.

AMATEUR SPORT PLAN
CHICAGO, Aug. 18.—Endorsement of the national program of amateur athletics fostered by the American Legion and the National Amateur Athletic Federation was given here today by Kenesaw Mountain Landis, commissioner of baseball.

In outlining the plan, Major John L. Griffith, vice-president of the federation, explained a program for the formation of thousands of boys' baseball teams to compete for the junior championship of the United States in 1935.

BOON JOIN CHAMPIONS
Russell Goddard, Jr., of the Union B.C. Boston, who finished second to Walter Hoover in the United B.C. Philadelphia, in the recent national rowing championship at Philadelphia, will no doubt soon join the select group of famous Boston champions, namely, Dan Murphy, Joe Whithead, Joe McGuire and Frank Green.

ALLEGRI FACES MOORE
Former L.A.A.C. Boxer Takes on Hard-Hitting Long Beach Middleweight at Wilmington

Three high-class bouts are offered the fans in the Wilmington Bowl tonight, each of eight rounds duration, while one appetizer of six rounds completes the program. In the best looking of the three shot Ad Allegri, former star middleweight of the Los Angeles Athletic Club, and later member of the American Olympic team which placed him in the world championship at Paris, will meet Roy Moore of Long Beach, one of the best looking 150-pound prospects turned out by the harbor.

Roy is spotted as the latter's advantage of having been trained by a sports-trainer of boxers—George Blake. The same care and attention which was accorded Frankie Carter, who gave a terrific beating to Albie Ahoi, but he also spotted Roy some punching power. There are few modern sports in the neighborhood with a right cross like Moore's, and few who can take the bait. Moore's, and few who can take the bait.

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs" consisting of the latest jokes submitted by local people. Weekly prizes are paid of \$1, \$5, \$10, and twelve of \$1 each. A list of winners showing the film, together with rules for submitting jokes, are given daily in a coupon in The Times. Prize-winning jokes and names and addresses of winners appear only on the coupon. Jokes receiving honorable mention will be given a place of honor on The Times coupon each week-day, and each of these contributors will receive a certificate of acknowledgment.

NEGRO POTATO KING DIES

KANSAS CITY (Mo.) Aug. 18.—

From slavery to riches was the

achievement of Junius G. Groves,

known as the "negro potato king

of Kansas," who died at his home

near Edwardsville, Kan., yesterday.

He was 64 years of age.

Groves was born a slave in Green

county, Ky., in 1859. When the

slaves were freed, he obtained

enough schooling to read and write

and in 1879, emigrated to Kansas,

where he worked on a farm at 40

cents a day. Later, the owner of

the farm rented Groves ten acres

of ground. The young negro soon

married.

port of New York from attack by

air.

Representative F. H. La Guardia,

former mayor in the air service,

who observed the tests, said he

will report to Congress that the

air defense here is an "absurdity."

To observe the pomp, glamour,

maps, bugles, bells, signals and

commandments with the resulting low

percentage of success, he advised,

"reminded me of a child chasing a

bird on the lawn trying to put

it on a nail to catch it."

The enemy airplanes during the

tests yesterday were represented

by two eleven-shaped targets towed

by two planes, at altitudes of from

700 to 1700 feet, said to be much

lower than enemy bombers would

actually fly. The targets were of

canvas, colored a deep blue.

One plane towed its target back

and forth over the land batteries

eighteen times while fifty-caliber

machine guns fired 800 shots and

scored only five hits at an alti-

tude for the targets of 800 to 1700

feet. The other plane's target was

back and forth at an alti-

tude of 700 to 800 feet, and four-

teen hits were registered in 8000

shots.

Representative La Guardia said

on any one of these trips either

bomber could annihilate

Fort Tilden. The tests were sim-

ilar to those conducted at Fortras

Monmouth, Va., last March.

Others admitted that the tests

bare out the assertion of Col. Wil-

liam Mitchell, former assistant

chief of the Army Air Service,

that guns on land were virtually

useless against hostile aircraft.

Brig.-Gen. Fochet refused to

comment.

TOURNEY PLANNED FOR

HORSESHOE PITCHERS

(SACRAMENTO DISPATCH)

SACRAMENTO, Aug. 18.—

Horsehoe pitchers through the

State will be interested in the an-

nouncement of the holding of the

third annual State Fair cham-

pionship tournament. Three days will

be given over to the tournament,

which will open at the Fair

grounds, September 7, next, and

three large events are scheduled.

All entries must be in the hands

of Secretary-Manager Charles W.

Paine not later than 9 o'clock on

the morning of September 7, next,

the elimination play following at

10 o'clock. Entry blanks may now

be had by addressing Mr. Paine,

or may be obtained from local

Chambers of Commerce, through-

out the State.

BANDITS RAID HOSPITAL

(BY A. P. NIGHT WIRE)

NEWARK (N. J.) Aug. 18.—

Six men raided St. Gerard's New-

ark Italian Hospital today, escap-

ing with liquor valued at \$1150

and with \$1800 in jewelry and \$440

in cash taken from Dr. Charles F.

Gnasel. The plunder included thirty

cases of assorted liquor and twenty

cases of alcohol.

Hylan Facing Tammany Opposition and Three Republican Entries

(SACRAMENTO DISPATCH)

NEW YORK, Aug. 18.—Politics

moved into high speed in the five

boroughs of Greater New York to-

day as the leaders filed designat-

ions for Mayor in the coming pri-

maries.

Tammany Hall offered the Demo-

cratic organization candidate in

the person of State Senator Walk-

er, while John H. McCooey, Brook-

lyn Democratic leader, presented

the petition on behalf of Mayor

Hylan, seeking a third term de-

spite Tammany's opposition.

Three Republican candidates were

entered. Frank D. Waterman, the

fountain-pen man, as the G.O.P.

opponent of the one hand and Ma-

yor Hylan and William Randolph

Hearst, the publisher, on the other.

Greatest interest centers in the

battle between Tammany and Gov.

Al Smith on the one hand and Ma-

yor Hylan and William Randolph

Hearst, the publisher, on the other.

FATHER HELD AFTER

ROW OVER BABY DIET

(CHICAGO DISPATCH)

CHICAGO, Aug. 18.—Convinced

that his 2-week-old baby wasn't

getting enough variety in his diet,

John Lyons went to a delicatessen

store and purchased a can of con-

densed milk. Mrs. Lyons' protest-

ed that condensed milk wasn't

what the baby should have. Then,

it is charged, Lyons drew a re-

volver and threatened to kill both

the wife and the infant. His glar-

ing-in-law, Alleen Granberg, not-

ified the police and Lyons was ar-

rested.

Is there a "bathroom schedule" in your home?

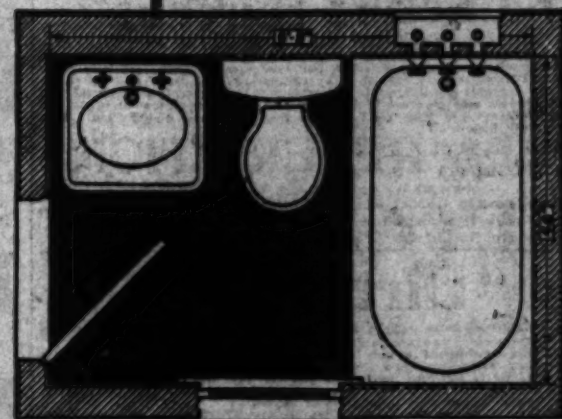

Save time, spare tempers and increase property values by adding an extra bathroom

You wouldn't ask any member of your family to wait until the "second table." Why not get rid of the delays that irritate when "waiting for the bathroom?"

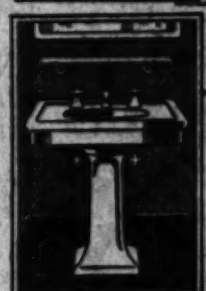

An extra bathroom can be installed with ease and economy in most houses. An empty hall end, large closet or the corners of two adjoining rooms provide the needed space.

Into it, Crane compact new fixtures will bring comfort at surprisingly small cost compared with the health they add and the smoother running of your home.

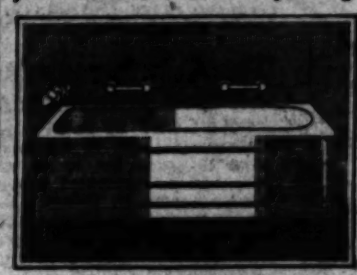

Talk it over with your plumbing contractor. He will gladly show you how much comfort can be put into even the most limited space. Come also to the Crane Exhibit Rooms. The variety of fixtures on display, at prices within reach of all, will prove helpful in completing your plans. Write to Crane Co., Chicago, for your copy of "The New Art of Fine Bathrooms."

Above, the plan provides for a complete and convenient bathroom in a space as small as 4 1/2 by 6 1/2 feet. Below, the Crane bath of cream-white enamel; lifetime quality, moderate in price. Supplied in four sizes: 4 1/2, 5, 5 1/2 and 6 feet long.

Above, the Nova lavatory of twice-fired vitreous china. Three sizes: 21x24, 22x27 and 24x30 inches over all.

It was News to her

THE idea came to her through a magazine advertisement she happened to see:

Using Listerine, the safe antiseptic, as a perspiration deodorant:

"Just apply it clear with a towel or wash cloth," the magazine said. "It evaporates quickly, leaves you immaculate and so refreshed. Try it. You'll be delighted."

It was news to her. But she tried it that evening and it worked. She has been using Listerine this way ever since.

Particularly, she is pleased with the fact that Listerine does not irritate even the most tender skin. Nor does it injure or stain the most fragile fabric.

If you question the deodorizing properties of Listerine, make this simple test some day:

Rub a little fresh onion on your fingers. Then apply Listerine. The onion odor immediately disappears!

We felt you'd be glad to know about this new use for an old friend—pass it along to friends of yours. —Lambert Pharmaceutical Company, St. Louis, U. S. A.

Listerine Throat Tablets are now available. Please do not make the mistake of supposing them to correct bad breath. Rely on the Listerine. Combining all of the antiseptic essential oils of Listerine, however, they are very valuable as a relief for throat irritations—25 cents.

CANADIANS GIVE SACRED DRAMA

Passion Play Produced in Industrial Community

Townpeople in Retreat for Week Before Opening

Large Audience Sees First Dominion Performance

(EXCLUSIVE DISPATCH)
MONTREAL (Que.) Aug. 18.—The Passion Play was produced for the first time in Canada by residents of the town of St. Jerome, a thriving industrial community set in the heart of an agricultural district, close by the foothills of the Laurentians. The sacred drama was enacted on a large scale based on the methods followed by the natives of Oberammergau and as the story of the great tragedy was enfolded by picturesque and stirring tableaux and gripping narrative it enthralled a large audience which had gathered from the town itself and from all the neighboring communities.

The situation of the town lends itself admirably to such a production by reason of its location on the North River, which tumbles down from the hills at the point where the Canadian National Railway bears off into the mountains and by virtue of the fact that the people of these communities are intensely religious.

A priest of the parish, Father Jean Davila Elhier, who has had special training in music, suggested

CINDERELLAS ROUT PRINCE

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 18.—Edward W. Browning, millionaire real estate man whose thwarted adoption of 11-year-old Mary Louise Spas gained him much publicity, was routed from the roof of the Belvedere Hotel early today by a bery of show-girls throwing their arms around his neck, showering him with kisses and supplanting him to adopt them. They were aided by scores of dancers

who quickly recognized Mr. Browning. "Won't you adopt me, Mr. Browning," "Oh, Mr. Browning, please adopt me," and "Oh, there's the Cinderella man," were the exclamations of the beauties as it became known Mr. Browning and a party of men friends had taken a table on the roof.

The orchestra caught the fun of the situation and played, "If That's the Kind of a Girl You Are," which was sung with improvised words. Mr. Browning finally escaped.

(EXCLUSIVE DISPATCH)

PHILADELPHIA, Aug. 18.—Because she declined to marry him after an acquaintance of three weeks, William Dalley, 46 years of age, of Coral street is charged with attacking Mrs. Mary Lawrence, 34, a widow.

When Dalley asked Mrs. Lawrence to marry him, she requested time to think it over. The other night, when she returned to her home about 11:30, Dalley got out of an automobile parked in front of her house and followed her.

When she definitely refused to again become a bride, Dalley's protest is said to have included the breaking of several windows and he was arrested.

When Magistrate Lindell decided to hold Dalley in \$400 bail for a further hearing Mrs. Lawrence wanted the man released, but the magistrate refused to agree.

COLLECTION LOOMS FOR BACK TAXES

Arizona Counties May Seek Delinquent Payments in Fall

(EXCLUSIVE DISPATCH)
PHOENIX, Aug. 18.—The fall season probably will see a strong offensive started all along the line, in Maricopa and other counties, against delinquent taxpayers. It started with applications made by Maricopa and Yavapai counties for permission from the State Tax Commission to exceed the annual cost budgets, the former asking \$65,000 and the latter \$80,000.

Opposition to the local issue came from representatives of the Arizona Taxpayers' Association, which organization pointed out that this county has delinquent taxes amounting to \$1,500,000 and that suits for collection had not been brought later than the 1930 delinquencies. Shortage of clerical help was pleaded as a reason for failure in keeping the accounts more nearly up to date and for the failure to prosecute. It was suggested that it might be well to turn the collections over to attorneys, on a percentage basis.

One reason for advancing public costs lay, according to Supervisor Jack Stewart, in the fact that scores of families of convicted bootleggers have to be supported by the county.

Mrs. J. D. Hopper of Massachusetts is the only woman appointed by President Coolidge to attend the International Prison Congress in London this month. She is superintendent of the women's reformatory in the Bay State.

European Bank Bandit Flees to United States

(EXCLUSIVE DISPATCH)

MADRID, Aug. 18.—The long trail in search of the \$100,000 band of bank robbers who have terrified Southern France and Spain with a series of three "master hold-ups" has spread to America. The band separated when the pursuit got too hot. Two escaped to Paris while one member, Gregorio Garcia, fled to America.

The band held up the Gijon branch of the Bank of Spain three times before making an escape with \$100,000. At Madrid they turned pay-roll bandits obtaining nearly \$100,000 and later went to Barcelona and robbed a train.

GERMANS HAVE NEW TYPE EXPRESS TRAIN

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 18.—A new type of express train called "F. D. Train" recently initiated on many important lines of the German railroads, has established some remarkable speed records over former rail services in Germany. These trains develop a very high speed, and stop only at the most important junctions, saving considerable time for the traveler. It now takes three hours less to get from Berlin to Munich than heretofore; while the trip from Cologne to Berlin has been curtailed two hours—according to an announcement of the German Railroads Information Office here.

American auto trucks are gaining in popularity in Spain in spite of severe competition of French and Italian machines.

FIGHTS FOR LIFE IN RAPIDS

Girl of Fifteen Clings to Upright Boat for Thirty Miles Through Icy Water

(EXCLUSIVE DISPATCH)

CALGARY (Alta.) Aug. 18.—How a girl 15 years of age won her way through Hellgate Rapids, 1000 miles north of civilization in the Canadian sub-arctic, and fought her way on to safety through thirty miles of rushing, icy water after seeing her father drown, is told in a wireless dispatch from Fort Simpson, in the Mackenzie Basin, 1000 miles northwest of Calgary.

Thomas Smith, an old Yukon prospector, with his daughter, left old Fort Liard, in British Columbia for the Lower Liard River a few days ago, traveling in a home-made skin boat.

Disaster came in Hellgate Rapids, where the boat capsized. Weighted down with the heavy clothing of the northland, the old gold-seeker attempted to swim beside the rapidly spinning craft and at the same time to thrust his daughter into the doubtful safety of the upturned boat.

Just as he sank for the last time, he saw his girl grasp a rope tied to the gunwale. For thirty miles of terribly swift water, crumpled with jagged boulders and the trunks of drifting trees, the girl clung to the frail support as the boat turned over and over in the current. More than half the time she was totally submerged, clinging with numb fingers to her one chance of life. Finally the skin boat drifted into an eddy near the shore, and the girl managed to crawl to the bank.

After two hours' rest on the shore of the river, the child managed to drag the boat ashore and found in it an old hand saw, fastened under the crude seat—in the stern. With this after two days' effort, she fashioned a pair of oars, and shoved off into the current again in the battered craft. The river here had widened and

the current decreased. The girl, however, weakened by exposure, terribly bruised, and practically starving, soon collapsed and occupants of a camp on the banks of the Liard, thirty miles from her second starting place saw what they thought was an empty boat drifting by.

An empty boat in the northland means tragedy. The two men put out from shore in another craft and found the Smith girl lying unconscious in the bottom of the boat. She was soon revived and two days later was taken to the Mounted Police post at Fort Simpson by an Indian treaty money party.

Here she met a trapper who was once a gold seeker in the Yukon and a partner of her father's. This man and his wife have taken the girl in and will look after her.

OKLAHOMA CITY (Okla.) Aug. 18.—A permit to do business in Oklahoma has been granted to the C. R. Miller Manufacturing Company of Waco, Tex., a Delaware corporation, which reports a capital investment here of \$100,000. The company recently acquired a textile mill at Tulsa. The Textile Securities Company of Waco, a kindred corporation, reporting a capital investment of \$100,000, also was granted a permit.

Pennsylvania Railroad to Retain

(EXCLUSIVE DISPATCH)

NEW YORK, Aug. 18.—The Pennsylvania Railroad Co. will retain its right to operate the Delaware and Maryland Railway, a subsidiary of the Pennsylvania Railroad Co., in the event of a sale of the latter company.

WILLIAM WALLACE, president of the Delaware and Maryland Railway, will succeed to the presidency of the Pennsylvania Railroad Co. in the event of a sale of the latter company.

LADY DALE, widow of the late Sir John D. Dale, was in the city today for the funeral of her husband.

Wife of Accused Man Also in County Jail

Girl's Delinquency Laid by Officers to Trio

(SANTA ANA, Aug. 18.—) Charges against a man and his wife, who are being held in the County Jail in connection with a stabbing of a Santa Ana man, were laid by officers to a trio of delinquents.

At the same time complaints were issued against Mrs. Byars, Robert Byars and Roxie Self, the latter the wife of Frank Self, charging each with contributing to the delinquency of a minor, the daughter of the Selfs, who was said to have been in the house at the time.

Frank Self and Roxie Self are in the County Jail awaiting a hearing and Robert Byars and his mother are in the Orange County Hospital, suffering from several cuts inflicted by a pocket knife said to have been in the hands of the Selfs.

Self surrendered to the police after the cutting, telling officers that he went to Byars' home to secure his 3-year-old daughter, and that he found his wife with Byars. He admitted that he attacked both the mother and the son.

The child in question is being kept at the County Detention Home. Physicians said Byars and his mother would recover.

Celebration is Planned by Bay Communities

(SANTA MONICA, Aug. 18.—) A fitting celebration relative to the transfer of title to the site of the university at Westwood to the State, when beginning of improvements to the ground is made is being urged by Secretary McKenny of the Santa Monica-Ocean Park Chamber of Commerce. The matter will be brought before the directors at their next regular meeting.

All the communities directly interested including Los Angeles, Beverly Hills, Santa Monica and Venice should participate in the celebration, according to the executive.

It is pointed out that more than four months ago the bonds voted by the different cities which will leave ample time for the planning of the celebration.

Commander Ed Connel, who, with his aides, is in charge of the large vote polled in Friday's election has been highly commended for his assistance by City Commissioners.

Doheny Building Van Nuys Plant for Distribution

(VAN NUYS, Aug. 17.—) Construction has begun on the Pan American Petroleum Company's oil distributing station in the southwest section of this city. The work is under the direction of W. F. Harmon & Son. The building will extend from Aetna street to the Southern Pacific Railroad tracks on the west and to the Pacific Electric Railway tracks on the east.

The contract calls for the erection of a frame warehouse, pump-house, engine house, oil storage tank and office building. The expenditure will be about \$8000. The distributing station brings a new industry into the southwest section of this city.

ACTIVE SALESMEN

(FOLLOW CLOSELY PASSAGE OF LAW AT INGLEWOOD)

(INGLEWOOD, Aug. 18.—) Declaring that it "may be only coincidence, but that looks very peculiar that when an ordinance is passed requiring the use of incinerators in certain districts of the city, the incinerator salesmen are right on the job to sell a \$7 fire pot for \$30," George C. Malloy, chairman of the retail trade committee of the Inglewood Chamber of Commerce, thus took exception to this procedure when addressing a committee gathering today.

The merchants present were a unit in agreeing with the chairman's viewpoint. Systematic efforts to get certain types of ornamental lighting specified and the circulation of petitions for securing them on streets where the need for such expense is not yet justified were also condemned by others present at the meeting.

TO CLEAN CANALS

(VENICE, Aug. 18.—) The major project of billing Venice canals which has been temporarily abandoned because of a court injunction has prompted city trustees to officials to take a more active part in cleaning the arteries of the city.

TO PROTECT BEACH

Long Beach Citizen Seeks to Prevent Laying of Railroad Tracks

By a "Times" Staff Correspondent

LONG BEACH, Aug. 18.—Legal steps to prevent the Union Pacific system from building railroad tracks along the west beach here to connect with the trestle now under construction in connection with this city's new mole and breakwater project, were taken today when J. L. Cheroke, served Mayor Ray Clark with a notice of application to the Superior Court for a restraining order.

The application seeks to restrain the city from permitting the railroad to construct its tracks parallel to the beach. It is contended that railroad tracks at this point would ruin a beach used by 5000 bathers daily. A permit to construct the spur tracks was granted the railroad several weeks ago and is revocable, it was explained.

Cheroke told the City Council that his action was prompted by a desire to save the beach for the bathers and to force the railroad to construct their tracks through the industrial district. Nothing in the action will interfere with the use of the beach for bathing and water work, city officials declared.

An average of eight carloads of rock from the quarries at Orman, near the beach, will be coming daily to Long Beach each day for the moles and breakwater before September 1. The project is being supervised by K. B. Kump, manager of the House Construction Company, having the project in charge. Deliveries will increase gradually until a trainload per day is being dumped into the ocean as a base for the moles and breakwater, it was said.

Have Plans for Sewer System at Santa Monica

(SANTA MONICA, Aug. 18.—) Information this morning is to the effect that plans and specifications for the new sewer system which is to connect with the Los Angeles outfall at Hyperion, will be prepared and in readiness before the time when bonds voted at Friday's election are issued.

The new system will eliminate the use of the outfall at the end of the Santa Monica municipal plant and will do much in keeping the beaches free from pollution.

The plans in connection with the new improvement work will be under the supervision of City Engineer Carter. Commissioners stated today.

Money voted Friday includes enlargements and a system of sewerage disposal that will provide for the growth of the city for at least fifteen years, Carter stated. By an arrangement with Los Angeles and Venice this city is allowed to connect with the Angel City outfall and lay mains through Venice, without additional expense.

Fresno Schools Ask Million for Year's Support

(FRESNO, Aug. 18.—) Fresno county school districts, 133 in number have asked for a total of \$1,628,379.62 for support of high and elementary schools and kindergartens during the year, according to a statement of the county superintendent, C. E. Edwards.

The largest sum asked for by the largest district, the city of Fresno, is \$179,935 for elementary school buildings and \$270,772 for maintenance. The city of Hanford asks \$123,945 for elementary school buildings and \$1,029,971 for high schools.

Eliminating the Fresno schools, the largest sum asked for by the city of Hanford is \$123,945 for maintenance and \$1,029,971 for high schools.

Aubrey was the lowest with a request for \$25.64.

EXPEL CLUBMAN

Prominent Member Voted Out by Board of Directors

(SANTA BARBARA, Aug. 18.—) George F. Emery, president of the Santa Barbara Exchange Club, vice-president of the board of directors and district governor of the second district, was expelled from the club by unanimous vote of the directors last night.

No statement or reasons for the expulsion were made, but the directors at midnight passed a statement that "George F. Emery was expelled from the club by unanimous vote of the directors last night."

Members of the club, however, asserted that Emery was expelled for refusal to report disposition of real estate owned by him to the club. Other members of the club said that Emery was expelled because of a dispute with the club over the purchase of a piece of land on the beach.

On the case where it was feared the fire would go into the Upper Malibu, the blaze is almost out, Jordan said. More hunters have been in the forest this year than ever before, but for the first time in the history of the Forest Service in this locality there are not accountable for any fire, according to the supervisor.

VICTIM MAY LIVE

(PADERNA, Aug. 18.—) A 71-year-old victim of a automobile accident here yesterday, is now expected to live, according to a statement from the hospital, where the man was taken in an unconscious condition after being struck down as he attempted to cross the street. He was, at first, expected to live only a few hours.

VALUES GROW IN IMPERIAL COUNTY

Latest Assessment Shows Property Worth More

Figures Show Increase in Crop Acreage

More Than 9000 Acres Returned for Taxation

(IMPERIAL, Aug. 18.—) Imperial county is valued at \$46,425,915, according to the new assessment just completed and announced today by Wiley M. Weaver, County Assessor. The total value is an increase of \$1,000,000 over the 1927 valuation.

The greatest gain is shown in a comparison of the operative property valuations for 1927-28 and 1928-29. The total value for the year being \$45,900,479, and for this year, \$46,425,915. The increase is \$525,436.

There is a slight decrease shown in the amount of nonoperative property, or property owned by public service corporations. This decrease is explained by Mr. Weaver, resulting from a reclassification of a number of banks in the valley with outside institutions.

Imperial county shows nonoperative valuations this year to be \$2,853,416, as compared to \$2,817,147 in 1927-28.

Imperial county shows a total value of \$46,425,915, as compared to \$45,900,479 in 1927-28. The increase is \$525,436.

Crop assessment figures show the following: Wheat, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, EXCHANGE TAX REPEAL UP
Pettingell Joins Fight to Abolish Federal Levy on Memberships; Prejudice Responsible

As part of the general movement throughout the country to remove the stricture on legitimate business activities, the executive heads of the smaller stock exchanges are beginning a campaign for the repeal of the Federal tax on exchange memberships selling for \$10,000 and under.

DISCRIMINATION CHARGED
The contention on which the smaller exchanges rested their case in the past campaign was that the Federal tax on exchange memberships selling for \$10,000 and under was a tax on the exchange itself, and not on the members.

MARKETS INDISPENSIBLE
Organized exchanges have become such an important feature in the conduct of business affairs that competent observers hold that their elimination would follow their elimination or unwise regulation.

SACATELA DRAIN BUILDING NEAR

Construction Expected to Begin Next Month

Entire Drainage System to Cost \$3,000,000

Contractor Given 250 Days on First Section

Work is expected to start September 1, on the first section of the Arroyo Sacate drainage system, the contract for which was awarded to Atkinson & Spicer by the Board of Public Works on February 6, last. The contract price being \$1,800,000. The contractor has 250 days in which to complete the work, which includes the laying of 15,000 feet of concrete pipe, ranging in size from 48 to 72 inches in diameter.

Work on the first section is expected to start near Pico and Rimpas boulevards, and various drainage pipes will be laid in a northwesterly direction. In Section No. 1, the storm drain pipe line will be covered, and the electric right of way near Rimpas Boulevard and St. Charles Place, where the ditch will temporarily remain open.

The entire Arroyo de la Sacate system will provide drainage for a greater part of the western residential section of the city and the drainage area is more than 12,000,000. The project has been under consideration for ten years.

As soon as the contract is signed and work started on the first section, the ordinances for the other two sections will be presented to the City Council by the City Engineer, as the engineering plans have been completed.

Section No. 1 will provide drainage of storm waters from the district bounded by Rimpas Boulevard, Sixteenth street, Wilshire Boulevard and Normandie avenue.

Under an arrangement with the contractor, E. D. Smith, who is now guiding the construction of the Mason Theater, is to take over the Mason Theater, opening "No. No. Nanette" there September 27. Mr. Smith made this announcement upon his return yesterday from New York.

Present plans for both theaters center in the production of musical comedies. "Lady Be Good" is expected to run some time yet at the Mason Theater, and will probably be followed by a production of "Tell Me More" or "Kiddies."

It is Mr. Smith's plan at any rate to keep both theaters running with musical comedies until about the first of the year. His arrangement with the Mason Theater with the interests runs until December 15.

Subsequently "Rose Marie," "Fred Stone" and other regular road shows are coming into that theater, according to present indications.

Miss Margery Flowers

Society girl's announcement of engagement to childhood friend is surprise of summer season.

Glenn Swanson has seemingly sung her swan song to Hollywood. Yesterday it was learned through her attorney, Milton Cohn, that the star of the \$300,000 Beverly Hills home is for sale, including its furnishings.

The house, palatial to the extreme, is at Crescent and Beverly Drive. Altogether, it is a \$300,000 home, and it is said that Miss Flowers is to sell it for \$250,000.

Miss Flowers is a graduate of the Sacred Heart convent at Menlo Park, Cal. Mr. Cohn is the son of Mr. and Mrs. C. L. Bundy, and the nephew of May Sutton Bundy, former world's woman champion tennis player. He is a member of the Southern California society circles.

Mr. Bundy plans to take his bride over the same itinerary that he himself has been enjoying with a college chum. They will spend three months motoring through Europe, and upon their return will live in Los Angeles. It was announced yesterday.

STUDENTS GIVE TEACHER TOUR

W. H. Housh Presented With World Trip

Award Made at Reception in High School

Gift Includes Passports, Letter of Credit

W. H. Housh, for thirty-one years principal of Los Angeles High School, was presented last night with a ticket that will enable him to circle the globe, and a letter of credit to use on his tour. The presentation was made by the committee from the school, which he has so long been the head.

The world tour was the gift of the faculty and the thousands of students who have known Principal Housh during his association with the school. The executive committee was made up of Sam L. Kreider, chairman, assisted by Benjamin J. Harwood and Harry H. Baskerville.

Marshall Stinson of the class of 1924, and president of the Los Angeles High School Alumni Association, was master of ceremonies. He presented a passport, issued by the committee from the school, to Housh, and a package containing the letters received by the committee from the school.

Sam L. Kreider then presented the ticket and baggage tags and outlined a part of the itinerary of the traveler. Everything had been planned and will be well paid for by the letter of credit, as would all other expenses to assure the happiness and comfort of the man they honored.

ALL PARTICIPATE

Of the different groups participating in the world tour were the faculty of the Los Angeles High School, who had contributed all the expenses of the tour, and the alumni of the school, who had contributed all the expenses of the tour.

NEEDLES (Cal.)—You never can tell when you are going to get an artistic thrill.

I got one on the depot platform at Needles this morning. It may have been due to the beautiful influence of Fred Harvey's ham and eggs; but I saw a woman so beautiful that I was my cigarette go out in my astonishment.

She was a Mojave squaw in obvious and pressing need of a bath. But she had the eyes of a sorrowing madonna. All the tragedy of a dying race was written in their depths.

As long as she was sorrowing she was painting for an old cathedral. But another squaw, unfortunately, made a smart crack and she laughed. When she opened her mouth it was like a yawning cavern. And her teeth were the teeth of a horse. This is a world of disillusion.

PARTING—SWEET SORROW

This train started from Los Angeles at 10 o'clock in the evening.

I was interested in a young couple who were saying good-by to each other. They kissed with great fervor and exchanged endearments. But it was a false alarm. The train did not start.

Then another whistle whistled and they kissed again with great fervor and exchanged endearments. But the train would not start. And they stood and gazed at each other—bored to death.

Another hoot came, and the lady gave him a sudden vicious little peek under the nose and flung herself into the Pullman car.

The young man looked off the lip rouge and departed.

DEAREST DREAMS

I know a young man who spends most of his time dashing back and forth across the continent in order to have the thrill of passing through this desert.

I asked him why he didn't get off the train and back in his desert. He rebuked my suggestion with terrible scorn. He explained that the thrill consists of looking out of the car window and dreaming of the old Spanish conquistadores who had plowed through these painted hills in their armor—searching for El Dorado.

He said if you got out and tramped into the hills, your dreams would be wrecked by fleas, rattlesnakes, capped beans and sweaty underclothes.

LAND OF SHADOWS

To my mind, however, the desert has a beauty that transcends the majestic beauty of the Alps or the high Canadian Rockies or any other scenery I ever have looked at.

I like to wake early in the morning when the long shaking shadows pour down from hills that stand against the dawn sky—a poem in mauve and "ash of roses, cinnamon, amber and dun."

OUR HORRIBLE COLORS

Sooner or later, it seems obvious that these alluring desert colorings must modify the colors that make our daily life a horror.

As a people the Americans have the most diabolical, horrible, gaudy ideas of colors of any civilized people.

The Chinese, with their gray tones, their intricate and subtle deviations from the violet and heliotrope and their blends of red and yellow pastel shades, are the masters of color.

You can't travel through this desert without realizing where they got these colors. They also have deserts.

EVENING HIGH WILL GIVE TAX-LAW COURSE

Polytechnic Evening High School will give a special course in income tax law, a course particularly designed for accountants and auditors, as well as those who desire to qualify in this field, and will include the following allied subjects in addition to income tax law: Contracts, quasi-contracts, negotiable instruments, corporations and California statutes. It will be headed by Charles Francis Adams, associate counsel for the Title Insurance and Trust Company of this city. Enrollment will be taken on the evenings of the 25th and 26th inst., at the high school, Washington and Hope streets.

UNDERSHERIFF WILL TALK

Undersheriff Bowers will address the Masonic Club of Los Angeles in the dining-room on the third floor of the Alexandria, Friday noon. His topic will be "The Sheriff's Office." Music will be furnished by Mrs. Fred Bowers, soprano.

QUAKE VICTIMS HELPING SELVES

Wealth of Santa Barbarans Overestimated

Majority of Modest Means, Aid Relief Fund

Help from Los Angeles Vastly Needed

BY ALMA WHITAKER
(SPECIAL DISPATCH)

SANTA BARBARA, Aug. 18.—Don't forget that for one millionaires in Santa Barbara there are a thousand modest, ordinary homes like yours and mine. Indeed, the ratio is larger, because most of the sumptuous homes are in Montecito, which isn't Santa Barbara at all.

The last night the earthquake to Montecito too, but no penny of the relief fund goes there. The rich there will do all their own "relief work." And most of them only reside there a few weeks in the year, their real homes are back in great Eastern cities. So they were not there to know, to see, to feel, and they are quite likely to feel that the relief fund is for the relief of the people who are back East where they really live.

That is why Santa Barbara needs us. That is just one reason why our people in the warmth of quick sympathy directly to the disaster was known, must be loyal.

SACRIFICES MADE

Several of them are serving on the relief committee, too. And making generous and very tangible sacrifices, shouldering very definite personal responsibilities, disbursing countless private funds to aid Santa Barbara's emergency.

Among them may be listed such people as George Owen Knapp, Dr. Henry Pritchett, David Gray, Frederick Forester, Pasadena's Charles Rabbitt, W. H. Cowles, W. H. Bliss, H. H. Webb, William Clark, J. Child, and now that C. K. G. Billings also is home, his aid can probably be counted upon.

But just a whisper in your ear. It seems almost sacrilegious to reveal it. But very few of even the Montecito millionaires are as millionaires as they are proclaimed. In time of peace and prosperity, it is all very well to be adjudged sumptuously as millionaires. But when disaster strikes, the millionaires are highly embarrassed when calamity reigns. Many a solid citizen, one in the position of a disinterested necessity of declaring their "wealth greatly exaggerated" (yes, and proving it) when disaster, calling for magnificent relief contributions, descends. Such denunciations can easily happen to our modest selves under lesser circumstances.

Take, for instance, that leading proponent of the "Millionaire Sportsman's Club" for which the entrance fee was said to be \$25,000. I am assured it doesn't cost more than one in that vicinity ever joined any such thing. The only thing of the kind that does cost that for an entrance fee of \$100 and the dues are \$175 a year! These stories are as different when one sits them down.

AID PLEDGED

One lady of vast reputed wealth admitted fearfully that she repairs to her own mansion, running into \$15,000, would be up her financial affairs alarmingly for years to come. This when she was criticized for only giving \$100 for the relief fund when a much larger gift was deemed more appropriate. This woman, once reputed to be worth millions, declared fearfully that her resources never had reached the dimensions of a single million—far from it.

All of this is interesting, because so many people promptly associate our dear Santa Barbara with vast wealth. Citizens of fact which affects their pockets unapologetically toward the relief fund. It is well for these to realize that the vastness of the wealthy who can vouchsafe generous aid are doing so, and but for their loving promptitude much of the immediate relief work, the dire emergency aid, would not have been forthcoming. And these, too, have pledged themselves to aid over many future years in all those municipal restorations and rehabilitation of small business that are not included in the \$1,000,000 which the state of California has pledged herself to supply.

In fact, that is why the sum asked for is so small in comparison to the appalling losses Santa Barbara has suffered.

SANTA BARBARA, Aug. 18.—Don't forget that for one millionaires in Santa Barbara there are a thousand modest, ordinary homes like yours and mine. Indeed, the ratio is larger, because most of the sumptuous homes are in Montecito, which isn't Santa Barbara at all.

The last night the earthquake to Montecito too, but no penny of the relief fund goes there. The rich there will do all their own "relief work." And most of them only reside there a few weeks in the year, their real homes are back in great Eastern cities. So they were not there to know, to see, to feel, and they are quite likely to feel that the relief fund is for the relief of the people who are back East where they really live.

That is why Santa Barbara needs us. That is just one reason why our people in the warmth of quick sympathy directly to the disaster was known, must be loyal.

RUNAWAY BOY FROM VENICE HOME SOUGHT
Juvenile authorities were asked yesterday by Mrs. Fred Joseph, his mother, to look for Sam Joseph, 15 years of age, a runaway from his home at 114 Alhambra Canal, Venice. His last home Sunday, his mother said, following quarrel with his sister. He took his clothing but no money and his mother declared she was greatly worried for his safety. He is 5 ft. 4 in. tall, weighs 110 pounds and has a small scar on the left side of his nose. He has brown hair, brown eyes and was dressed in brown with a gray cap.

New Masonic Lodges Will be Installed Here

Two new Masonic lodges will be instituted here this evening by Fred C. Warner, inspector of the Seventy-second Masonic District. The ceremonies will be conducted at the new Sunset Masonic Temple at Pico and Orchard streets. The new lodges to be installed are the Alhambra and Angeles Mesa lodges. Frederick Henry Chapman, Worshipful Master of Alhambra Lodge; Rueben Francis Brown is Senior Warden, and James Arthur Herbert is Junior Warden. The officers of the Angeles Mesa lodge are: Louis Harry Phillips, Worshipful Master; Hector Eugene Marston, Senior Warden, and Otto William Rothenburg, Junior Warden. Invitations to attend the ceremonies have been extended to all Master Masons. Refreshments will be served and a musical program presented during the evening.

Bullock's August Clearance
"The One Sale of the Year"

Clearance Prices on Oriental Rugs at Half Price—Wednesday

Bullock's Section of Oriental Rugs has staged one continuous and drastic clearance. Every day has been notable for its special values.

Now, beginning Wednesday, come the great closing days of Bullock's August Clearance. When every Bullock section puts every ounce of energy behind salesmaking. When values reach a high peak.

In Bullock's Section of Oriental Rugs—Many pieces are being repriced lower than before. Forces are being organized to make these last three days rush on to high honors in the value records of this August Clearance at Bullock's.

Those in Southern California—get ready for this climax. Room size rugs from Persia and China—some half price, others severely reduced. Smaller rugs are particularly attractive. Half price or strongly reduced—bringing them to a low price level important to those who must budget carefully.

OPENING OF BOULEVARD CELEBRATED
Last Shovelful of Earth Removed in Construction of Beverly Highway

The opening of Beverly Boulevard, the first highway from Los Angeles to the sea to skirt the base of Santa Monica Mountains, was celebrated yesterday at the Pacific Palisades under the auspices of the Pacific Palisades Association.

Work on the highway, which begins at the Second-street tunnel, Los Angeles, began last June. It extends through Beverly Hills, following the base of the mountains to the Palisades property, from which it opens onto the Coast Highway.

The celebration was featured by the last shovelful of earth being removed by a mogul engine at the Palisades, Beverly Boulevard. This completes the grading. Bids for paving the road at the Palisades, which is twelve miles long and forty feet wide, will be opened next Tuesday night in the Los Angeles Council.

At the celebration Dr. Charles H. Scott, president of the Pacific Palisades Association, presided. Speakers were E. J. Delorey, Commissioner of Public Works, Los Angeles; Dr. W. H. Rastbach, chief engineer of the project; F. E. Allen, his assistant, and Bishop Charles Wesley Burns of the San Francisco area of the Methodist Church, who is a member of the board of directors of the Palisades Association.

The highway, to cost more than \$1,000,000 when completed, will be opened next spring. It is expected that a party of guests led by a hand motored over the unpaved road.

PLANS FOR PHONE FIGHT DISCUSSED
Expert Being Considered for Appointment Offers Views to Conferees

The Board of Public Utilities and Transportation, in conference yesterday with Mayor Cramer and City Attorney Stephens, discussed plans for urging before the Railroad Commission at the hearing scheduled in November a reduction of telephone rates in Los Angeles, and it is probable that if the city's case is not complete the city may ask for a continuance in order to gather all data possible to support its arguments.

The name of A. N. Johns yesterday was added to the list of those being considered by the board for the appointment as telephone expert to assist the commissioners and the City Attorney in preparing the city's case. Johns, who formerly was a telephone engineer with the Railroad Commission, addressed the conference and told of the comprehensive scope of the investigation that must be conducted.

No action was taken by the commission on the appointment of the city's expert, but the appointment may be made next week.

The City Council informally approved the recommendation of the Mayor that an appeal be made to the Interstate Commerce Commission for an investigation of the relation between the local company and the parent American Telephone and Telegraph Company and the power the parent company has, if any, virtually to dictate the policies and expenses of the local company, as an important factor in the local company's rates for service.

WIFE FEARS FOUL PLAY TO HUSBAND
County Employee of Watts Disappeared Week Ago With \$6500 in Savings

Disappearance of A. F. Colder of 224 Rosella avenue, Watts, after he had drawn \$6500 from a bank, was reported yesterday to the Sheriff's office by his wife, who said she feared he had met with foul play. Colder, she said, had stated his intention of transferring the money to another bank, but so far as she could learn never reached there and she feared he had been kidnapped or murdered. He has not been seen for a week, she said.

Mrs. Colder is blind. Colder, who is 35 years of age, is an employee of the county road department and was regarded as steady by his wife and neighbors. The money represented the life savings of the couple. The missing man is 5 feet 8 inches tall, weighs 135 pounds and has a gray mustache.

It is reported that Mae Murray, the film actress, has signed a year's starring contract with a German production concern for which she will receive \$150,000.

Mrs. Eva Curtner, 48 years of age, of 118 North Windsor boulevard, was arrested last night charged with violating the Wright Act after police under Detective-Lieutenant Lyons had raided her apartment and confiscated, they said, six quarts of gin. She was taken to City Jail and held in \$500 bail.

Habeas Corpus Writ Asked in Forgery Case
The application of Dr. J. L. Harpel for a writ of habeas corpus was filed with the Second District Court of Appeals yesterday. The petition sets forth that Dr. Harpel is incarcerated in the County Jail on a forgery charge involving his disposal of asserted community property. Dr. Harpel and his wife had a joint account in the bank last June, according to the application, which states the account was opened by Dr. Harpel's wife under the name of Mrs. Louise Asher. The husband wrote a check for \$45 on the account and signed the check Mrs. Louise Asher. He later was arrested for forgery, the application states.

MAKER OF "UNDER THE ROUGE" GETS CONTRACT

By Grace Kingsley

If you are one of those cynical souls who don't believe that just rewards follow hard labor, just take a glance at the case of Lewis H. Moomaw, and you are going to be convinced that heretofore you have been all wrong.

Now that Lewis Moomaw has made such a good thing of "Under the Rouge"—though he has been working alone for years during which time people didn't particularly recognize what a really fine director he is, probably because he was too busy to talk about himself—everybody all of a sudden wants his services. He has turned everybody out, however, except Associated Exhibitors, and has signed a good contract with that organization, calling for four productions to be made during the next year. However, I believe he is to have more time if he wants it. That shows how he stands with Associated Exhibitors.

More than this. He was awarded a contract several weeks ago, but when "Under the Rouge" came out, Associated Exhibitors called in his former contract and gave him a much better one.

The director-producer is planning at present to expend \$1,000,000 or thereabouts on his productions. He will establish headquarters in Los Angeles with the eventual construction of a studio to supplement his plant in Portland, Or. The pictures he will make will be called Moomaw special productions.

The first two of the four pictures for which he has contracted will be made in Portland, Or., or near there. That is, all the exteriors will be made in the north, while the interiors will be made in Hollywood.

Alfred A. Cohn, widely known as a writer, has been engaged to write the first of the series of stories which Moomaw will direct and produce. The story is not yet named, but Moomaw is even now casting. The next story, also to be written by Cohn, will be a story of Oregon and Washington.

"The Chechaco," made in Alaska, in connection with George Edward Lewis, was directed by Moomaw, and this picture, you remember, earned something like \$1,000,000. In fact, it is still earning, I understand.

Moomaw is one of the interesting figures in the film world. He was a pioneer, so much of a pioneer, in fact, that he made his first picture at the tender age of 15—and was arrested for it.

"It was in 1907, and the Sheriff of our town, Baker, Or., had been killed—killed by a man named 'Red' who was one of his enemies," said the director. "I had made myself a camera out of an old Edison motion-picture machine, which I afterwards patented. I was going to high school, and the drama of the Sheriff's death appealed to me. I thought I would make a movie of it. I got into the premises of the Sheriff's home while the family was at church one Sunday morning, about a week after the Sheriff's tragic death, and managed a very good reproduction of the accident. I thought I had done a lot for art, but when the local acting Sheriff put on his uniform and came to high school one day to arrest me, the thing took on another aspect. I understood that the picture was burned. So I gave them the positive film. Dramatically it was buried into the air-tight stove in the courtroom—and naturally the celluloid film exploded! That did give the simple village folk a thrill. However, I kept the negative, and I did afterward show that picture."

At the same time that Moomaw was in high school, he also ran a stock company in his native town. In his company, now known to pictures and the metropolitan stage, were Herbert Heyes and Dorcas Matthews.

Moomaw has traveled the world with Burton Holmes, making records of foreign peoples and out-of-the-way places, and he is known among movie initiators as one of the best camera experts in the business.

"Under the Rouge," Moomaw's latest success, in which Fleming, Eileen Grey, Mary Alden, James Mason, Claire de Loree and Little Bruce Gordon are featured, has made a hit in New York and is shortly to be shown in Los Angeles.

VICTOR FLEMING TO BE WITH PARAMOUNT

Knowing a good thing when they have it, Paramount is going to allow Victor Fleming's directorial genius to wander abroad, but is showing just how fondly they are for him.

Wherefore, Victor Fleming, yesterday signed a long-term contract with his organization.

Although Fleming's contract still had a number of months to run, the new one was drawn in order to complete arrangements for the coming year's production plans, and to retain Fleming as a permanent member of Paramount's directorial forces.

It was after seeing a couple of reels of "Lord Jim," in which Fleming is now directing, that Mr. Lasky was decided that Paramount would not be complete without this director's services.

His recent pictures include "The Devil's Cargo," Jack London's "Adventure," Harold Bell Wright's "A Son of His Father," and now Joseph Conrad's "Lord Jim."

By some misadventure this paragraph failed to mention yesterday in her Orpheum review anything about those delightful Mantell's Mantles, so now she hastens to tell a waiting world that Mantell's Mantles are a whole vaudeville show in themselves, and that if all vaudeville shows were as good as this one, critics would be absent for a long time. Which statement, I trust, will soothe the neglected Mantell's wounded professional feelings.

Ann Adds to Laurels in Audacious Role 'FRESHMAN'

WILL OPEN NEXT WEEK

New Harold Lloyd Comedy to Start at Metropolitan on Thursday

"The Freshman," Harold Lloyd's latest comedy, will have its world premiere at the Million Dollar Theatre Thursday, the 25th inst. Both from the standpoint of production and the quantity of laughs, "The Freshman" is conceded by those who have previewed it, to be Lloyd's most ambitious effort. It promises to be a laugh treat in proportion to its production magnitude.

"The Freshman" is a comedy drama telling of a youth seeking the laurels of popularity who looks his tips on college life from caricatures and motion-pictures. It is made the college joke until he comes to the realization that only will he realize his ambition by ceasing to imitate others and being himself.

Lloyd's contention is that the youth of a nation has four different factions. The first is the arrival of Lloyd at college, which is followed by football practice. Then comes the fall dance and finally the big climax of the football game. Those who have seen the picture claim that this comedy is the funniest of his kind ever on the screen. Romance and drama are the foundation of the story with laughs brought about through the situations that develop.

Managing Director Frank L. Newman is preparing an elaborate and novel program to surround the feature for its first presentation on any screen.

MARMONT REFUSES STAGE OFFER

Percy Marmont's return to the stage is being eagerly sought by stage bookers.

In the last week a tempting offer was held out to this fine actor, who has been selected and all the details of the booking well outlined for a swing of the western circuit, with possibility of an extension to eastern times.

Marmont, who is at present working on location near Santa Ana, on some land sequences of "Lord Jim," the Conrad story which Famous Players-Lasky is producing for fall release, wired his refusal for the present, at least. And as immediately upon his return to Los Angeles he will begin work on "Casar's Wife," with Corinne Griffith, for First National, the probability is that he will not consider the proposition at all, although there is a growing demand for such an acquaintance, across the footlights here in the West on the part of his rapidly increasing personal friends, who know of his former connection with Granville Barker and the English stage.

Modest Corinne Current Star at Loew's Theater

The most modest and unassuming actress in Hollywood, Corinne Griffith, fair star of First National productions, now appearing in "The Marriage Whirl" at Loew's State, has the reputation of being the most retiring of Hollywood players. Miss Griffith believes with Pidding that "modesty is a candle to merit."

Miss Griffith actually avoids newspaper interviews, although she delights in the personal companionship of those of the journalistic fraternity. But Nita Naldi, who appears with Miss Griffith in an important role in "The Marriage Whirl," broke into the picture via the advertising route. While a show girl on the Century Roof in New York she posed for an advertisement for the new movie, which she subsequently occupied a full page in one of the metropolitan papers.

John Robertson was casting for "Dr. Jekyll and Mr. Hyde," and she posed for an advertisement for the new movie, which she subsequently occupied a full page in one of the metropolitan papers.

Robert Edeson Will Preside at Forum Opening

For the first time since it came under the present new control, the Forum Theater, on West Pico street, will have a gala opening on Saturday night. This will be in honor of Cecil B. De Mille and Leatrice Joy and mark the first independent offering to come from Mr. De Mille's new organization.

This production is that of "Hell's Highboard," starring Miss Joy. Robert Edeson, veteran of stage and screen, will act as the master of ceremonies and introduce both Mr. De Mille and Miss Joy to the audience. All the other noted De Mille stars and players will attend the opening, as will a vast number of stars, directors, and executives from other concerns. Requests for reservations are coming to the theater from various points in and around Los Angeles, and a large party is expected from New York especially to be present for the first showing anywhere of this new production.

OLAND WILL PLAY IN GRIFFITH PRODUCTION

With the engagement of Warner Oland, E. M. Asher, head of Corinne Griffith Productions, announces the following members of the cast which will support Corinne Griffith in "The Marriage Whirl": "Casar's Wife," Malcolm McGregor, who will play the important role of Romie, and Percy Marmont.

GANZ DEBUT AT THE BOWL

Concert Discussed Conductor Still Uncertain in Effects With Orchestra

BY IRABEL MORSE JONES

Rudolph Ganz's opening concert at the Hollywood Bowl last night consisted of orchestral works played many times before on these programs. The overture, "Rienzi," Weber's "Invitation to the Dance," "Death and Transfiguration," by Richard Strauss and the "New World" symphony by Dvorak composed the list.

Leon Goldwasser played in the concert-master's chair owing to the absence of Evelyn Neck. The orchestra tried loyally to hold the performance up to the standard of high excellence which it usually exhibits and the concert master was eminently capable in his responsible position, but the general result was a very ragged and dull performance.

In all fairness to Mr. Ganz, it should be remembered the first performance by the new conductors we have been privileged to hear this season, have not been their own ones. It is manifestly impossible to acquaint the orchestra with an entirely different personnel in the space of a few days. To respond with one brief rehearsal the morning of a concert.

Mr. Ganz gave the "Rienzi" overture an unusually slow opening, which quickened into more interesting moods as the varied opus themes were introduced. The "Invitation to the Dance," by Weber was a dull and lifeless affair under his direction and only the interest of the audience in a popular and well-known number saved it from utter boredom. "Death and Transfiguration," by Strauss, was barely recognizable. It is a work that demands the utmost from the greatest conductor and it is regrettable that this conductor-phantom should have attempted it with an unfamiliar orchestra at his first concert.

Because of his brilliant piano concert in Los Angeles, music lovers can look forward with confidence to Mr. Ganz's performance of the Tchaikovsky concerto with orchestra on Saturday night. Edna Gunner Peterson will be the soloist at the Bowl tomorrow evening playing the Liszt "Hungarian Fantasia."

New Charleston Contest Billed at Hillstreet

Tomorrow night at the Hillstreet Theater, Harry Carroll, who is appearing in his new revue, will conduct a contest in which Miss Dottie Wilson, said to be the world's undefeated champion, will challenge all comers.

Those wishing to take part in the contest can leave their names with Mr. Carroll as late as 8 p.m. tomorrow night.

To those winning the first three places, cash gold prizes will be offered, according to the management. At Saturday's matinee Mr. Carroll will conduct a kiddier Charleston contest, which will open to all children in Southern California. Cash gold prizes will be given to the winners, also an opportunity to appear later with Mr. Carroll at his new theater now under construction in Los Angeles, those in charge promise.

Jason Roberts and Olive Hasbrouck, both newcomers to the screen, will play the romantic leads in "Two Blocks Away," the Aaron Hoffman stage success which Harry Pollard is to film for Universal.

Nissen Now at Metropolitan in 'Name of Love'

Greta Nissen announces her happy experience since coming to Hollywood, namely, her meeting and chat with Anna Pavlova.

During her many years of study at the Royal Opera in Copenhagen, Greta naturally held Pavlova as her ideal and looked forward to meeting her some day.

The opportunity came after the dancer-actress had made her own niche in the hall of fame. While she was making "In the Name of Love" at the Paramount Picture, the Metropolitan this week, Pavlova played an extended engagement at the Metropolitan. Greta, interested in every performance, she realized her ambition when through mutual friends, she was introduced to the premier danseuse.

E. M. ASHER TO STAR TEARLE IN 'GOOD LUCK'

Conway Tearle is to star. The man who has made love to so many of our beautiful women of the screen and who has shared honors with the great feminine artists of movieland, is to shine "on his own," as it were.

E. M. Asher, of Corinne Griffith Productions, has signed a contract with Tearle providing for the actor's services in the capacity of a star. The first picture in which Tearle will appear under this arrangement is "Good Luck," a London melodrama which Asher will produce at United Studios.

The Tearle contract is entirely apart from the activities in which Asher participates with Corinne Griffith and announcement of release channels will be forthcoming in the near future, according to the film executive. Tearle has appeared with many First National stars, including Colleen Moore and Corinne Griffith. He has just finished a role in "The Viennese Medley."

COLLEEN CELEBRATES

The old birthday greeting of "Many Happy Returns" is being old Colleen Moore on the "We Moderns" set today. Yes, you guessed it. This is Colleen's birthday and she is celebrating it by hard work on her picture, "Yesterday was John McCormick's birthday, so the First National star and McCormick, who is, as everybody knows, Colleen's husband, are celebrating a double birthday with a little party at the star's home this evening.

The
Greatest
Living Actor

JOHN BARRYMORE

IS NOW A WARNER BROTHERS STAR

JOHN BARRYMORE typifies the American ideal of the great actor. His genius plays upon every chord of the human heart—its subtlety and sympathy—its heroism and grandeur—its intensity and limitless passion.

John Barrymore is unique. He cannot be compared—for there are none like him. He is exclusively John Barrymore—and you can never appreciate the heights to which American dramatic art has reached till you see John Barrymore in Warner Bros. Classics of the Screen.

The fact that John Barrymore is now a Warner Bros. star demonstrates again the leadership of Warner Bros.—demonstrates the determination of Warner Bros. to bring to the Screen the master minds of the age and make available alike to the great cities and the remotest hamlet the best entertainment the world can offer.

Ask your theatre when Warner Bros.' John Barrymore Picture, "The Sea Beast", will be shown.
